

RE : THINKING THE ~~ROBOT~~

Robotic Futures: Fresh Perspectives

Two Day Workshop, March 9th - 10th

We are on the cusp of the robotics revolution: new technologies promise a societal shift where robots will become part of our daily lives.

The Institute of Industrial Science (IIS) at the University of Tokyo invites you to rethink the robot. Join us for a design-thinking workshop.

Two Day Workshop

- Friday, March 9th, 2018 at 1:00 PM - 8:00 PM
- Saturday, March 10th, 2018 at 10:00 AM - 5:00 PM

Be inspired by cutting-edge research from the University of Tokyo, including biomimetic machine mechanics, "BioLikeness" of robots, fundamental vision theories and breakthroughs in high speed robotics.

Experience design-thinking methods and processes for ideation and rough prototyping. Rethink the robot: its function, appearance, interaction, and role in society. Imagine the unimaginable.

Free Workshop

Register Here: info@designlab.tokyo

Attendance on both days is required!
